

IDC 222 Assignment 2

Reji J • Mar 28 (Edited Apr 2)

100 points

Due Today

Dear Students,

As discussed in class, your assignment details are as follows: Identify a topic in your area of interest where data visualization can be applied. Prepare a **one-page document** that includes:

- Topic heading
- Relevance of the topic to data visualization
- Details of the proposed data visualization

On **page 2**, include the code used for your data visualization.

And attach the image (visualization) of the same in the document.

Please ensure that the work is done . Any form of copying will result in a deduction of marks.

You can be as creative as you can 😊

Last date for submission: **5/4/2026**. Submissions will be closed after the due date.
